I. OVERVIEW AND PENALTIES

A. Overview

Pursuant to changes in the Child Care and Development Block Grant Act (42 U.S.C.S. §§9857 et seq.) the Alabama Department of Human Resources (the Department) is required to create and implement health and safety standards for all facilities that receive Child Care and Development Funds (CCDF) through the Child Care Subsidy Program. The primary change relates to the obligation to monitor health and safety standards in those facilities that receive CCDF funding. The guidelines in this manual are limited exclusively to facilities that receive CCDF funding and operate pursuant to *Ala. Code* §38-7-2(4) (a), (b), and (c) (1975), provided that there are no children under the age of four years old, and also pursuant to *Ala. Code* §38-7-2(4) (f) (1975). (See page 39-40).

These guidelines apply exclusively to facilities that do not care for children under the age of four years old. Any facility operating pursuant to *Ala. Code* §38-7-2(4) (a), (b), and (c) (1975) that cares for children under the age of four years and receives CCDF through the Child Care Subsidy Program is subject to the provisions of the “Health and Safety Guidelines Requirements and Procedures for Facilities Participating in the Child Care Subsidy Program” and not the guidelines set forth herein

Any facility operating pursuant to *Ala. Code* §38-7-2(4) (f) (1975) is precluded by that subsection from caring for children under school age. Nothing in these guidelines shall be interpreted to mean that a facility operating pursuant to *Ala. Code* §38-7-2(4) (f) (1975) can care for children under school age. Any facility purportedly operating under *Ala. Code* §38-7-2(4) (f) (1975) that has children under school age is a “Day Care Center” and must comply with “The Child Care Act of 1971” (*Ala. Code* §38-7-1 et. seq. (1975)) and all applicable standards.

The law requires that states must certify to the Administration for Children and Families, Office of Child Care that they are in compliance with the regulations regarding the distribution of these funds. If a facility is not in compliance with the health and safety standards then that facility is ineligible to receive CCDF funds.

In order to be in compliance with these health and safety standards all facilities are required to comply with all State and Federal Laws. The violation of any State or Federal law in relation to the operation of this facility is a violation of health and safety standards.

B. Penalties

Penalties may be imposed by the Department when the facility fails to meet and maintain the Health and Safety Guidelines prescribed by the Department.

1. If an inspection, evaluation or investigation indicates non-compliance with these Health and Safety Guidelines (deficiency), a deficiency report shall be prepared by the Department. A deficiency report is prepared in conjunction with or subsequent to a visit to the facility, or after investigation of a complaint regarding the facility.

2. In any visit to the facility in which deficiencies are observed or noted, the Department's representative shall complete a deficiency report, and discuss the deficiencies observed or noted with the facility representative. A copy of the completed deficiency report shall be provided to the facility representative.
3. The facility shall be ineligible to participate in the Child Care Subsidy Program if any violation of any of these Guidelines (deficiency) is not corrected within ninety (90) days of the discovery of the deficiency. In such instances the facility will remain ineligible to participate until such time that no deficiencies exist as verified by the Department's representative.
 - a. Certain situations may warrant an extension.
 - b. Compliance may be achieved by the facility providing documentation to the Department or visits may be conducted by the Department's representative to monitor compliance.
4. The Department may determine that a facility is **immediately** ineligible to participate in the Child Care Subsidy Program if:
 - a. It is determined that a deficiency will result in the immediate and/or irreparable threat of harm against any children at the facility,
 - b. The Department's representative is denied access to inspect the facility, or
 - c. The facility fails to obtain the required fire inspection, health inspection or zoning approval.

§ 26-14-1. Definitions.

For the purposes of this chapter, the following terms shall have the meanings respectively ascribed to them by this section:

(1) **ABUSE.** Harm or threatened harm to a child's health or welfare. Harm or threatened harm to a child's health or welfare can occur through nonaccidental physical or mental injury, sexual abuse or attempted sexual abuse or sexual exploitation or attempted sexual exploitation. "Sexual abuse" includes rape, incest and sexual molestation as those acts are defined by Alabama law. (2) **NEGLECT.** Negligent treatment or maltreatment of a child, including the failure to provide adequate food, medical treatment, clothing or shelter; provided, that a parent or guardian legitimately practicing his religious beliefs who thereby does not provide specified medical treatment for a child, for that reason alone, shall not be considered a negligent parent or guardian; however, such an exception shall not preclude a court from ordering that medical services be provided to the child, where his health requires it.

(3) **CHILD.** A person under the age of 18 years.

(4) **DULY CONSTITUTED AUTHORITY.** The chief of police of a municipality or municipality and county; or the sheriff, if the observation of child abuse or neglect is made in an unincorporated territory; or the department of human resources; or any person, organization, corporation, group or agency authorized and designated by the department of human resources to receive reports of child abuse and neglect; provided, that a "duly constituted authority" shall not include an agency involved in the acts or omissions of the reported child abuse or neglect. § 26-14-2. Purpose of chapter.

In order to protect children whose health and welfare may be adversely affected through abuse and neglect, the legislature hereby provides for the reporting of such cases to the appropriate authorities. It is the intent of the legislature that, as a result of such efforts, and through the cooperation of state, county, local agencies and divisions of government, protective services shall be made available in an effort to prevent further abuses and neglect, to safeguard and enforce the general welfare of such children, and to encourage cooperation

among the states in dealing with the problems of child abuse. (Acts 1975, No. 1124, p. 2213, § 1.)

§ 26-14-3. Mandatory reporting.

(a) All hospitals, clinics, sanitariums, doctors, physicians, surgeons, medical examiners, coroners, dentists, osteopaths, optometrists, chiropractors, podiatrists, nurses, school teachers and officials, peace officers, law enforcement officials, pharmacists, social workers, day care workers or employees, mental health professionals or any other person called upon to render aid or medical assistance to any child, when such child is known or suspected to be a victim of child abuse or neglect, orally, either by telephone or direct communication immediately, followed by a written report, to a duly constituted authority.

(b) When a report is made to a law enforcement official, such official subsequently shall inform the department of human resources of the report so that the department can carry out its responsibility to provide protective services to the respective child or children. (Acts 1965, No. 563, p. 1049, § 1; Acts 1967, No. 725, p. 1560, Acts 1975, No. 1124, p. 2213, § 1.)

§ 26-14-4. Permissive reporting.

In addition to those persons, firms, corporations and officials required by Section 26-14-3 to report child abuse and neglect, any person may make such a report if such person has reasonable cause to suspect that a child is being abused or neglected. (Acts 1975, No. 1124, p. 2213, § 1.)

§ 26-14-5. Contents of reports.

The reports provided for in this chapter shall state, if known, the name of the child, his whereabouts, the names and addresses of the parents, guardian or caretaker and the character and extent of his injuries. The written report shall also contain, if known, any evidence of previous injuries to said child and any other pertinent information which might establish the cause of such injury or injuries, and the identity of the person or persons responsible for the same. (Acts 1965, No. 563, p. 1049, § 2; Acts 1975, No. 1124, p. 2213, § 1.)

§ 26-14-6. Temporary protective custody.

A police officer, a law enforcement official or a designated employee of the state or county department of human resources may take a child into protective custody, or any person in charge of a hospital or similar institution or any physician treating a child may keep that child in his custody, without the consent of the parent or guardian, whether or not additional medical treatment is required, if the circumstances or conditions of the child are such that continuing in his place of residence or in the care and custody of the parent, guardian, custodian or other person responsible for the child's care presents an imminent danger to that

child's life or health. However, such official shall immediately notify the court having jurisdiction over juveniles of such actions in taking the child into protective custody; provided that such custody shall not exceed 72 hours and that court of competent jurisdiction and the department of human resources shall be notified immediately in order that child-protective proceedings may be initiated. During such period of temporary custody, the director of the county department of human resources may give or cause to be given effective consent for medical, dental, health and hospital services for any abused or neglected child. (Acts 1975, No. 1124, p. 2213, § 1.)

§ 26-14-7. Duties of department of human resources.

(a) The state or county department of human resources shall make a thorough investigation promptly upon either the oral or written report. The primary purpose of such an investigation shall be the protection of the child.

(b) The investigation, to the extent that is reasonably possible, shall include:

(1) The nature, extent and cause of the child abuse or neglect;

(2) The identity of the person responsible therefor;

(3) The names and conditions of other children in the home;

(4) An evaluation of the parents or person responsible for the care of the child;

(5) The home environment and the relationship of the child or children to the parents or other persons responsible for their care; and

(6) All other data deemed pertinent.

(c) The investigation may include a visit to the child's home, an interview with the subject child, and may include a physical, psychological or psychiatric examination of any child or children in that home. If the admission to the home, school or any other place that the child may be, or permission of the parent or other persons responsible for the child or children, for the physical, psychological or psychiatric examination, cannot be obtained, then a court of competent jurisdiction, upon cause shown, shall order the parents or persons responsible and in charge of any place where the child may be to allow the interview, examinations and investigation. If, before the examination is complete, the opinion of the investigators is that immediate removal is necessary to protect a child or children from further abuse or neglect, a court of competent jurisdiction, on petition by the investigators and with good cause being shown, shall issue an order for temporary removal and custody.

(d) The county department of human resources shall make a complete written report of the investigation, together with its recommendations. Such reports may be made available to the appropriate court, the district attorney and the appropriate law enforcement agency upon request. The county department of human resources shall make a written report or case summary, together with services offered and accepted to the state's central registry on forms supplied by the registry for that purpose. (Acts 1975, No. 1124, p. 2213, § 1.)
